CAREER OBJECTIVE

Frontend Developer with professional experience in React.js, Next.js, TypeScript, Redux Toolkit, and Tailwind CSS. Experienced in building responsive web applications, reusable components, and REST API integrations. Currently expanding expertise in Node.js, NestJS, and backend development.

TECHNICAL & SOFT SKILLS

Front-End: HTML5, CSS3, Tailwind CSS, JavaScript, TypeScript, React.js, Next.js, Redux Toolkit, Context API

Back-End: Node.js, Express.js, NestJS, REST APIs, JWT

Database & ORM: MongoDB, PostgreSQL, Prisma

Tools & Platforms: Git, GitHub, npm, VS Code, Postman, Figma, Vercel, Netlify

Soft Skills: Team Collaboration, Communication, Problem Solving, Adaptability, Time Management

EXPERIENCE | Frontend Developer | Oct 2025 - Aug 2026

- Collaborated with backend developers and designers in a team-based environment.
- Developing scalable web applications using React.js, Next.js & TypeScript with Redux Toolkit
- Integrated REST APIs and implemented dynamic frontend workflows across projects..
- Optimized web interfaces for mobile, tablet, and desktop devices with cross-browser compatibility

PROJECTS

ERP — HR & Office Operations Management System (Personal Project)

[Client](#) | [Server](#) | [Live](#)

A full-stack ERP dashboard centralizing staff, payroll, and procurement management with role-based approval workflows. Faced challenges with relational database modeling and JWT authentication, which helped me learn Prisma ORM schema design and secure token-based auth

- **Responsive ERP Interface:** Developed a modern, responsive, and interactive HR management dashboard for efficient administrative operations.
- **HR & Payroll Management:** Built staff management, salary, payroll, memo, and notification modules with automated salary and deduction calculations.
- **Role-Based Access Control:** Implemented secure authentication and role-based authorization to manage access to different HR modules and features.
- **Backend & API Integration:** Developed and integrated RESTful APIs with validation, pagination, error handling, and secure data management.

Technologies: Next.js, TypeScript, Tailwind CSS, NestJS, Prisma, PostgreSQL, JWT, REST API, TanStack Query, Git

Fight The Number— Health & Wellness Platform (Professional Project)

[Client](#) | [Live](#)

A health and wellness platform with a responsive admin dashboard for managing users, subscriptions, payments, community content, and platform analytics.

- **Admin Dashboard:** Monitor users, revenue, analytics, subscriptions, and platform activities through a centralized dashboard.
- **Community Management:** Review reported posts and manage community content with approve/decline moderation workflows.
- **Content & Subscription Management:** Manage subscription plans, pricing, blog content, and other platform data through the admin panel.

Technologies: Next.js, TypeScript, Tailwind CSS, Redux Toolkit, REST APIs

EDUCATION

Diploma in Engineering (2020–2024)

Rangpur Polytechnic Institute | Computer Science & Technology

CGPA: 3.84 (out of 4.00)

LANGUAGE

Bangla (Native) | English (Fluent)
